Message from the founder

"We continue to improve providing assistance and support to beneficiaries and to help in the socio-economic development of the communities we serve."

The good work of UFI is now widely recognized.

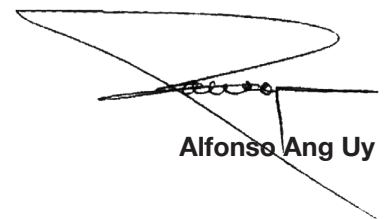

In the year 2015, UFI received a five-year PCNC reaccreditation, was awarded by the Department of Social Welfare and Development as the Best NGO in Region VI and was given due recognition by the Department of Education for being its partner in their Adopt-A-School program. Aside from those, UFI was also elected as a member of the Board of Trustees of the Association of Foundation (AF). All of which are indeed seals of approval for good performance.

We are particularly proud of our scholar Engineer Remington Salaya who finished Cum Laude for his Chemical Engineer course at the Central Philippine University, Iloilo City and topped the Licensure Examination for Chemical Engineers.

On top of these accomplishments, we continue to improve providing assistance and support to beneficiaries and to help in the socio-economic development of the communities we serve. With our participation and training from the one-year USAID program "Strengthening the Capacity of the CSOs Project", we are geared towards enhancing our capacity.

On my end, having been invited to be in the Board of Advisors of the Association of Foundation has been both a personal honor and recognition of UFI's contribution to foundation work.

I would like to express my appreciation to the Board of Trustees for their good governance and to the Executive Director and her staff for their excellent work.

Alfonso Ang Uy

Message from the President

Education for social progress continues to be a central theme for UFI's activities in 2015. We continue to make basic education a priority with the hope that our programs will eventually improve the quality of life for the entire community.

We have continued and even expanded our signature programs that now have over one thousand beneficiaries for the past 6 years: the financial assistance program which aims to get children to school and the feeding program which aims to keep children in school. We currently support 28 college scholars, up from 22 scholars a year ago. We constructed a learning resource center in Aranguel Elementary School in President Roxas, Capiz and made various classroom improvements in several other adopted elementary schools.

"Uplifting many people's lives is a herculean task, but with you, our donors and sponsors, we continue to make strides."

We are looking forward to 2016 as we are about to embark on a new phase for UFI. Aside from the usual programs, changes in the times require us to create effective programs that address the needs of the greater school community while being both viable and sustainable in the long-run. To this end, we have decided to pursue THE MODEL SCHOOL PROJECT which aims not only to develop physical educational facilities but to empower the students through academic enhancement, the teachers through competency improvement, and the community through livelihood projects. We have chosen Hibao-an Elementary School for the pilot implementation with the hope of replicating it to other public schools in the near future.

Uplifting many people's lives is a herculean task, but with you, our donors and sponsors, we continue to make strides. Thank you for being our partner in turning our aspirations into reality. Together with the management and staff, please continue to join us in making this country better, one child at a time.

Aileen Christel Uyongco-Ongkauko

Message from the Executive Director

Another year has been completed and UFI has risen to all the challenges. Six years flew by so swiftly and we hardly felt that we already surpassed half a decade of operations. Being named as the “Best NGO in Region VI” by DSWD assured us that we have been doing things properly and effectively.

In spite of these, we know that we still have more to learn and more to share in our communities. There are still numerous things to be improved and practiced. There are still more schools and communities to reach out to. Our mission to give hope to our communities has just began, marked by our past accomplishments and recognitions.

For the whole year, the UFI Board of Trustees and the UFI staff have been the steadfast stakeholders to all the programs and activities of the foundation, hence the achievements. As the Executive Director of this organization, I could not thank you enough.

“Our mission to give hope to our communities has just began, marked by our past accomplishments and recognitions.”

Association of Foundations (AF) Executive Director Oman Jiao has been UFI’s mentor ever since we became a member of AF in 2010 and under his meticulous guidance, the foundation has reached new heights which I have not even dreamed of achieving. For these, I thank him.

Lastly, the League of Corporate Foundations, in which UFI is also a member, has inspired me to work and make true of the words: TOGETHER, COLLABORATE and PARTNER.

Year 2015 has given much to UFI and much will be expected from here on. With our strong faith and unending learning, new challenges will definitely arise and we will be ready to face them one by one and step by step as long as we COLLABORATE with current PARTNERS, build relationships with new ones and TOGETHER, we will be able to strengthen UFI’s capacity to touch more lives and develop more communities that are empowered and sustainable.

“A better life for our community, A brighter future for our nation.”

VISION

To develop host communities of La Filipina Uy Gongco Corp. Group of Companies that are empowered, productive and self-sustaining through education.

MISSION

To serve as catalyst, provide opportunities, instill values for learning, and build good citizenship in the host communities of La Filipina Uy Gongco Corp. Group of Companies.

Core Values

Corporate social responsibility as the main core value that will guide the thrusts of Uygongco Foundation Inc.

Genuine concern to help the poor and disadvantaged but deserving youth especially the women in the host communities.

Excellence in service that cuts across all programs and projects of UFI.

Synergy with various stakeholders and potential co-operators for building sustainable and productive host communities.

Goals

Access to Education

- Financial Assistance
- Scholarship Program for Tertiary Level
- Skills Training
- Alternative Learning System (ALS)

Motivation to Stay in School

- Feeding Program
- Formation Sessions

Improve Quality of Educational Facilities and Teaching

- Instructional Materials Improvement Program
- School Facilities and Classroom Furniture Improvement
- School Head and Teacher Training

Prayers answered at Hibao-an

by **Ms. Laine Arbinoya**
Principal, Hibao-an Elementary School

It feels good when God answers your prayer but it feels even better when God uses you as an instrument to answer the prayers of others.

We felt good when God answered our prayer by sending us Uygongco Foundation Inc. (UFI) as one of the major stakeholders in our school. The foundation has done so many beautiful and great things which have contributed to the development of our school children.

Our school, just like any other public school, has faced a lot of challenges in order to deliver quality education which every Filipino child is entitled to. Indeed, we are lucky to have UFI as our partner in delivering quality education to every child who has been entrusted to us. Our school has faced a lot of problems in the past; one of these is the flooding of our school grounds. This problem was answered when UFI sent us trucks of soil to fill our flooded vegetable garden. With this, we no longer worry that our efforts of planting vegetables would be in vain because the area which usually floods has now been elevated. We can also produce vegetables which augments the UFI feeding program, a noble project of the foundation that caters to 117 pupils in grades one, two, four and five in our school.

Other than that, the foundation constructed one feeding room to add to the existing one which was built in 2013. This new feeding room has also been used as a classroom when not utilized for feeding which has addressed the shortage of classrooms.

Words of “thank you” are not enough to express how grateful we are for all the blessings that we have received through the generosity of the Uygongco Foundation Inc. We really feel good that our prayers were answered but I am sure that Uygongco Foundation Inc. feels better because God uses them as an instrument to answer our prayers.

It is therefore our fervent prayer that the people behind the Foundation be blessed even more so that they can continue becoming a blessing to others.

Thank you so much, Uygongco Foundation Inc.!

“We can now produce vegetables which can augment the UFI feeding program...”

Programs

Financial Assistance

All adopted schools

Believing that everyone should have an equal access to education and that money should not be a hindrance to one's pursuit of excellence, UFI has provided 2,500 pesos worth of goods as financial assistance to each of its beneficiaries this year.

Eat, Learn & Play

April 13 - May 15, 2015

All adopted elementary schools

In order to continually strengthen the basic skills and attitudes toward learning of students, UFI created the Eat, Learn & Play activity which holds summer bridge classes in Math and English while at the same time engaging them to be physically active with ball games and providing them with a healthy lunch.

People involved: adopted elementary school teachers, UFI college scholars & staff, parents & beneficiaries

Top middle: Rice giving at Pres. Roxas East Elementary School
 Above: UFI beneficiaries and their parents during the giving of grocery packs at A. Bonifacio Intergrated School

Left: UFI beneficiaries of Hibao-an Elementary School are given school supplies during the Eat, Learn & Play program.

Feeding Program

All adopted elementary schools

Proper nourishment stimulates an individual's ability to learn hence the importance of meals for students. Catering UFI elementary beneficiaries on a daily school-day basis, the Feeding Program provides them with one balanced meal within the allotted PHP 18 per day budget. The meals are prepared by parents who take turns in preparing and cooking which all the more encourages their active participation towards motivating the kids to stay in school.

Period: Every school day from July to March and weekdays during the 5 weeks of summer

Linis Bata

May 22, 2015

All adopted elementary schools

UFI recognizes the need to develop school children holistically, even considering the value of proper hygiene and health practices which impact the psychosocial well-being of students in school. Hence, the foundation devised the Linis Bata Program which primarily includes Alis Bulate (deworming), Linis Kuko (nail clipping) and Alis Kuto (head lice removal), Linis Tenga (ear cleaning), and dental checkup & extraction.

People involved: Department of Education dentists, nurses & volunteers; cosmetology-trained UFI beneficiary parents; UFI volunteers & scholars; La Filipina Uy Gongco Corp. Group of Companies volunteers; Order of Asclepius; teachers; principals; parents; beneficiaries

Programs

Skills Training

Fundamentally aimed at empowering the mothers of UFI beneficiaries as well as the teachers, the Skills Training Program is classified into Baking and Entrepreneurial Skills Trainings.

Baking

April 13 - 24, 2015

Pres. Roxas East Elementary School

Pres. Roxas, Capiz

Done yearly in partnership with Philippine Foremost Milling Corporation (PFMC), this trains selected parents and teachers in commercial baking and the application of knowledge and skills for livelihood and income generation. For this year, the baking equipment and ingredients that were used during the training were turned over to two of the participating schools: Pres. Roxas East Elementary School and Cabugcubug National High School.

Beneficiaries: 27 participants from 3 adopted schools in Capiz

Trainers: PFMC, Mr. Victor Malones (PFMC VISMIN Technical Sales Manager), Ms. Olive Vigilla (Baking Training Facilitator based in Manila) and Mr. Altaire Labordo (PFMC Panay Technical Sales Manager)

Entrepreneurial

October 26 & 27, 2015

Villa Sagrado, Iloilo City

Hinging on enterprise as a source of livelihood, the Entrepreneurial Skill Training helps women, especially housewives, learn the basic and crucial skills of starting and managing a small enterprise.

Beneficiaries: 29 participants from 2 adopted schools in Iloilo City

Facilitator: Ms. Imee M. Belloga, from Taytay sa Kauswagan, Inc. (TSKI) - Financial Analyst

Alternative Learning System (ALS)

Extending the accessibility of education not merely to regular students but also to non-formal learners, UFI provides assistance to the alternative learning system by giving supplementary items to aid in their education.

Beneficiaries: 2 high schools (JMNHS & FSPNHS) & 1 elementary school (HES)

Items provided: 4 wall fans, 2 steel cabinets, teaching aid (bond paper, pens, chalk, etc.), 40 arm chairs, and reproduced ALS modules (HES)

Top: Parents and teachers learn how to bake during Skills Training at Pres. Roxas East Elementary School.

Middle: Participants from Hibao-an Elementary School and Jalandoni Memorial National High School learn the basics of small enterprise management.

Right: Fort San Pedro National High School receives equipment and furnishings for their ALS classroom.

formation Sessions

To boost the potential of its beneficiaries especially in the crucial stages of high school and college, UFI holds formation sessions anchored on leadership, spiritual and character-development activities.

Beneficiaries: 5 adopted high schools and tertiary scholars
Sessions conducted: Communication (at 5 adopted high schools), Post-Lenten Retreat (Trappist Monastery, Guimaras), Stress, Coping and Conflict Management (Ephratha Farms, Badiangan, Iloilo), Teenage Pregnancy & HIV/AIDS Awareness (Chito's Hotel, Iloilo City)
Partners: Colegio del Sagrado Corazon de Jesus 4th Year Social Work students, Ms. Dionita Mission, The Outstanding Students of the Philippines – Visayan Individuals Called Together for Region VI (TOSP-VICTORS) and Family Planning Organization of the Philippines (FPOP) - Iloilo

Top left: Students from Jalandoni Memorial National High School during their formation session.

Top middle: Jordan National High School beneficiaries take part in the communication formation session.

Top right: Tertiary scholars share a light moment during the formation session conducted at Ephratha Farms.

Bottom left: Teachers of Jordan Central School & Don Pedro Vasquez Memorial School undergo Basic Computer Literacy Training.

Below: Hibao-an Elementary School Grade 1 teacher, Maria Fe Cautivar and instructor Mauricio Pautan Jr. during the teacher training

Teacher Training

November - December 2015

Valuing the role of teachers in the education of students, UFI assists teachers by providing them with their specified needs. This year, a Basic Computer Literacy Training for Teachers was conducted in two UFI adopted schools which introduced them to the parts of the computer, Microsoft Word, email, Microsoft Powerpoint presentation making and grading system using Microsoft Excel.

Beneficiaries: 23 teachers from HES & 18 teachers from JCS & DPVMS
People involved: Mr. Mauricio Pautan Jr. (IT Technical Support) and Mr. Isagani Baronday (OK Bank System Technician)

Programs

School facilities

Based on the priority needs of an adopted school, this program helps the school improve or acquire the necessary facilities and classroom furniture to boost the quality of their educational facilities.

Items provided: library (Aranguel Elementary School), additional feeding room (Hibao-an Elementary School), baking equipment (President Roxas East Elementary School & Cabugcabug National High School), 45 classroom chairs (Rizal Elementary School), 90 classroom chairs (President Roxas East Elementary School), 45 classroom chairs (A. Bonficao Integrated School), 4 wall fans (Aranguel Elementary School), 4 wall fans (President Roxas East Elementary School), 4 wall fans (Don Pedro Vasquez Memorial School) and 4 wall fans (Jordan Central School)

Page 16: Students of Aranguel Elementary School enjoy their new school library built in 2015
Top right corner: Donated classroom chairs at Pres. Roxas East Elementary School
Above left: Construction of the library at Aranguel Elementary School
Above right: Inside the newly built 2nd feeding room at Hibao-an Elementary School

Instructional Materials Improvement Program

Innovating methods of instruction for teachers, this program provides them with materials and instructional aid such as an audio-video package, digital lens projector, teaching aid, chalk boards, white boards, computer sets, reference books and story books.

Items provided: teaching aid (RES, ABIS, PREES & AES), 2 computer sets (Fort San Pedro National High School), 2 computer sets (Jordan National High School), 1 digital lens projector (Fort San Pedro National High School) and 1 digital lens projector (Jordan National High School)

Programs

Above left: Tertiary scholars Kristine Joy Conde and Stephanie Lapasaran at the Got Stuff? Schools Benefit Lunch

Above right: Tertiary scholars during a Formation Session at Esca's Garden Restaurant

Tertiary Scholarship

Furthering educational opportunities to high school students and qualified individuals, scholarship grants are provided to high school graduates from public and private schools and to those who wish to enroll in formal education or technical-vocational courses. The scholarship covers their tuition and other school fees. After which, they are guaranteed employment at any of the La Filipina Uy Gongco Group of Companies.

Beneficiaries: 28 tertiary scholars with 4 graduates

2015 Graduates

Andrew Dhave Dolor

BS Marine Transportation
John B. Lacson Foundation
Maritime University - Arevalo

Currently: 12 month-apprenticeship at Daruma Transport System Inc.

Currently: Customer Application Form (CAF) Assistant, LFUGC

Chyriel Faith Perez

BS Mechanical Engineering
Western Institute of Technology
Graduated with Highest Distinction

Currently: reviewing for the Mechanical Engineering board exam

Achievement

Salamat Po Award

In February, UFI was recognized as best NGO in Region 6 by the DSWD.

For its invaluable efforts at improving vulnerable and disadvantaged children through the implementation of the “Uplifting the Academically Challenged Children” Best Practice in Iloilo City and the Provinces of Guimaras and Capiz, UFI was awarded with the “Salamat Po Award” and recognized as the best NGO in Region 6 by the Department of Social Welfare and Development Field Office VI last February 6, 2015 at Punta Villa Resort, Arevalo, Iloilo City. This came after 2014 when the foundation became the first DSWD Level II accredited NGO in the region after only six years of existence.

Ma. Pia Paz Gan-Uygongco, Executive Director of UFI, remarked on behalf of the recipients, “We believe that change for the better is the reason why we exemplify genuine concern, passion, dedication, transparency, commitment and most of all selflessness for the less fortunate,”

For the foundation’s consecutive accomplishments, Uygongco emphasized, “All of these would not be possible if we did not have the heart and passion to genuinely share our expertise and our capabilities to our adopted communities. We practice quality and excellence rather than quantity.”

“We believe that change for the better is the reason why we exemplify genuine concern, passion, dedication, transparency, commitment and most of all selflessness for the less fortunate,”

Got Stuff? Donation Drive

SCHOOLS BENEFIT LUNCH

Prominent businessmen, leaders, media men and good friends were present last August 16, 2015 at Amigo Terrace Hotel, Iznart St., Iloilo City for the Schools Benefit Lunch, an exclusive auction and simultaneous launch of UFI's donation drive called Got Stuff? which aimed to gather funds for the construction and maintenance of facilities at UFI adopted schools.

Leading the roundup of guests were La Filipina Uy Gongco Group of Companies (LFUGCGoC) pillars and UFI Board of Trustees Dr. Alfonso Uy, Dr. Felipe Uygongco, Terence Uygongco and Julian Felipe Uygongco. Iloilo City Councilor Jason Gonzales who lauded, in a speech, UFI's efforts in strengthening education was also in attendance.

Silent bids of selected on-display items were done plus live auctions in between special performances from CPU Handbell Ringers, Muog Performing Arts Group of Fort San Pedro National High School, Instamovers from Jalandoni National High School and CPU Excel Chorale. Magicians from the Street Magic Club-Iloilo entertained audiences with tricks and illusions before the actual program began.

UFI beneficiaries also starred in the event particularly dynamic Xennia Starr Sanchez, an 8th grader from Jalandoni Memorial National High School, who entranced the crowd with her dance sport and hip hop moves while former UFI beneficiary Kevin Fernandez, along with his fellow Iloilo Science and Technology University students, captivated participants with their on-the-spot sketches. Former UFI beneficiary and young vocal wonder Staci Lorreine Mabunay also serenaded the audience with her rendition of "lingatan Ka."

Adding to the day's festivity, guests were given Amigo Segurado pasta and sauce products and La Filipina canned goods. At the end of the lunch, an amount of Php 236,029 was collected, surpassing the target Php 200,000.

*Top: UFI Staff member Victoria Sullivan with Thad Divinagracia of Pediatrica, Inc.
Bottom: Founder of UFI, Dr. Alfonso Uy with fellow Board of Trustees member Dr. Felipe Uygongco.*

RUMMAGE SALE

After receiving plenty of items from generous donors, UFI concluded its Got Stuff? Donation Drive by holding the Rummage Sale at the activity center of Amigo Plaza Mall in Iznart Street, Iloilo City last October 15 and 16, 2015.

Kids, employees, ladies, gentlemen, grandmothers, grandfathers and even pregnant women flocked the sale which showcased books, clothes, home decorations, toys, shoes, some dinnerware, DVDs and other unique and exciting items at low prices.

Proceeds of the entire Got Stuff? Donation Drive funded the construction and maintenance of libraries in UFI adopted schools.

*Below: Iloilo City Councilor Jason Gonzales with UFI Executive Director Ma. Pia Paz Gan-Uyongco at the Got Stuff? Schools Benefit Lunch

UFI Joins the Board of Af

Uygongco Foundation Inc., represented by Executive Director Ma. Pia Paz Uygongco, was elected to the Association of Foundations (AF) Board of Trustees last April 17, 2015. AF is an established network of non-governmental organizations in the Philippines dedicated towards bringing sustainable development in communities. UFI completes the 15-member board which would be in service for two years.

Judy Araneta Roxas of Gerry Roxas Foundation, Inc. (third from right) leading the oath of office of newly-elected board members (from left) Sonny Carpio of Aboitiz Foundation, Inc., Fr. Anton Pascual of Caritas Manila, Inc., Fr. Manny Guazon of Pondong Batangan Community Foundation, Inc., Joemil Montebon of Kasilak Development Foundation, Inc., Pia Uygongco of Uygongco Foundation Inc. and Rose Depra of Negros Economic Development Foundation, Inc.

La Filipina Uy Gongco Corp. Group of Companies

Philippine Foremost Milling Corporation
employee and former UFI Tertiary Scholar

Geverlyn Lasquite

thanks the Foundation for all of the support!

I am very thankful and grateful to Uygongco Foundation Inc. (UFI) for giving me the opportunity to be one of its scholars because not everyone is given a chance to go to college and to be enrolled in one of the prestigious universities here in Iloilo.

They helped me financially by paying my tuition fees and giving me allowances. But it doesn't end there, they also conducted seminars and team building sessions which enabled us to develop our personality, self-confidence and teamwork. The seminars were also a way for us scholars to get to know one another and enjoy time away from our studies. They have also inspired us to realize the goals and ambitions we have in our lives.

UFI encouraged us to join and assist in the giving activities at UFI's adopted schools, collect the height and weight of the beneficiaries and numerous other activities of the Foundation. These made me realize how lucky and blessed I am to have been a part of the UFI tertiary program.

"I am enjoying my work immensely and am very thankful for the salary and benefits I receive, allowing me to assist my family at home and to pay the tuition fees of my younger sister in college."

Through UFI, I was able to graduate from college and am now working at Philippine Foremost Milling Corporation as a Financial Analyst. I am enjoying my work immensely and am very thankful for the salary and benefits I receive, allowing me to assist my family at home and to pay the tuition fees of my younger sister in college.

Now that I'm working here, I have applied all the learnings and values that UFI instilled in me. To all of the staff and fellow scholars of the Foundation who helped me along the way, I am very very happy to have been a part of it. Thank you very much!

Company employees join UFI in the giving activities during the year.

INDEPENDENT AUDITOR'S REPORT

The Board of Trustees
Uygongco Foundation Inc.
Tiu Gan Building, Arroyo Street
Brgy. Yulo Arroyo, Iloilo City

I have audited the accompanying financial statements **Uygongco Foundation Inc.** (a non-stock, non-for-profit corporation) which comprise the statements of financial condition as at December 31, 2015 and 2014, and the statements of activities and fund balances and statements of cash flows for the period then ended, and a summary of significant accounting policies and other explanatory notes.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Philippine Financial Reporting Standards for Small and Medium Entities. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with Philippine Standards on Auditing. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements present fairly, in all material respects, the financial position of **Uygongco Foundation Inc.** as at December 31, 2015 and 2014, and its financial performance and its cash flows for the period then ended in accordance with Philippine Financial Reporting Standards for Small and Medium Entities.

I thank UFI for continuously providing all of my needs, for contributing to my success and for molding us tirelessly into what we are right now. Their programs and activities enabled me to know what compassion really is and made me a better and more responsible individual. I can't imagine what my life would be without the help of UFI. It was an honor and pleasure to spend time and to be part of the UFI Family.

HARLEENE MAE ELLAMA
UFI Tertiary Graduate 2015

Tungod sa UFI naghazan-hazan ang amon galastohan kag napadayon sang bata namon ang iya pag-eskwela kag ang iya handum sa kabuhi.

(With UFI, our expenses were lessened plus the education and aspiration in life of our child continued.)

RENERIO GANZON, SR.
Father of Tertiary Scholar Redenn Ganzon

Nakabulig gid ang UFI sa amon nga pangabuhi kay biskan paano nahagan-hagan ang amon galastuhan. Indi na ako magproblema sa pagbakal kay may ginahatag naman sila nga school supplies kag uniform sa amon nga kabataan. Madamo pa gid sila nga mga ginahatag pareho sang grocery kag bugas so dako gid akon pasalamat sa UFI.

(UFI has really helped our lives because our expenses have been lessened. I don't have to worry about buying because they already provide school supplies and uniform for our children. They also give a lot of other things like grocery and rice. For these, I thank UFI greatly.)

FELIZA T. EMBRADOR
Mother of BNHS Beneficiary

It was March 2012 when my daughter Catherine graduated with honors from high school. She was about to proceed to college by June of the same year, but I did not have enough money to enrol her. At that time, I was so depressed because my income could not let her proceed to college. The UFI scholarship was a great help to my family, my daughter, and especially to me because without the help of UFI, I wouldn't have been able to afford sending my daughter to college. I'm very proud to say that UFI helped my family progress and brought my daughter towards a brighter future. Thank you very much for helping us and may the graceful light of the Lord always shine upon all of you in helping people like us improve their lives.

NESTOR S. PANIERGO
Father of Tertiary Scholar Catherine Paniergo

Dako na nga bulig ang mga gin panghatag sang UFI sa akon pag-eskwela. Gani, ginatagaan ko gid ini sang importansiya tungod kami ginagaan man nila sang paglaum.

(What the foundation has given has been of great help to my education so I give importance to these because they also give us hope.)

AZ YEAN LIBERTAD
UFI Scholar

Nakabulig gid ang Uygongco Foundation Inc. sa eskwelahan paagi sa paghatag nila sang mga teaching materials pareho sang projector, laptop, computer set kag iban pa nga nakadevelop sang technological skills sang mga estudyante kag mga maestra. Ini nga skills tama gid ka importante sa subong nga tyempo. Ang paghatag sang mga kinahanglanon sa mga UFI scholars naka-sustain gid sa ila edukasyon.

(Uygongco Foundation Inc. has really helped the school through their provision of teaching materials like projector, laptop, computer set and others which developed the technological skills of the students and teachers which is very important at this time. The support of UFI to the scholars has really helped sustain their education.)

JEANE C. DEMOCRITO

Lima na ka tuig nga beneficiary si Jeourgina sang UFI. Lima naman ka tuig nga nagmag-an ang amon pangabuhi tungod sa bulig sang UFI. Apat kabilog amon kabataan, apang tungod beneficiary si Jeourgina sang UFI, tatlo na lang namon ka bata ang amon ginapa-eskwela. Ginapasalamatan ko guid ang UFI.

(Jeourgina has been a beneficiary of UFI for five years. For five years, our lives have eased because of the help of UFI. We have four kids, but because Jeourgina is a UFI beneficiary, we only have to support three. I am very thankful to UFI.)

IRMA D. LEGASPI
Mother of RES Beneficiary

Nadugangan akon confidence kag skills paagi sa mga trainings nga gin hatag nila. Na develop pa gid ang akon work relationship and camaraderie with the parents and also the UFI staff. Tungod sini naging mas mahapos kag matawhay ang pag-organize ko sang nagkalain-lain nga hilikoton sang UFI kag sa amon man nga eskwelahan.

(My confidence and skills were boosted through the trainings which they give. My work relationship and camaraderie with the parents and UFI staff were also developed. Because of this, it became easier for me to organize the different activities of UFI and even our own school activities.)

OLIVIA FRANCIA TABAT
Coordinator, ABIS

The scholars improved their learning capacities, the teachers' capabilities were boosted with the enrichment of computer literacy and teaching was modernized with the advanced technology from UFI, making learning easier for the pupils.

RACHEL P. GANANCIAL
Coordinator, DPVMS
