Message from the Executive Director

inside as well as outside of school through competitions. Indeed, this is a huge challenge for the foundation as it entails numerous data gathering and stakeholder partnerships. But a challenge is what the team gets excited about and eager to tackle such task aiming to have a positive impact in the community at the end of the project.

In retrospect, 2016 has been a busy year for the foundation. Feeding Program, Financial Assistance Program, Tertiary Scholarship Program, School Facilities Improvement Program, Teachers' Trainings and Formation Sessions were all scheduled and carried out. But new activities were introduced this year.

The foundation started to work on the UFI Model School Project in which the key result would be an adopted public school with empowered teachers and parents, able to sustain its school needs through income generating projects and students who will achieve higher academic ratings

The foundation also involved itself actively in events of member networks such as the Association of Foundations and the League of Corporate Foundations. These member networks have been working towards achieving collective social impact through common programs on education, health, environment, arts and culture. These were venues for the Uygongco Foundation Inc. to share its programs on education and in the process able to partner with other private organizations.

The foundation also strongly encouraged volunteerism within the sphere of the La Filipina Uy Gongco Group of Companies (LFUG GoC) in

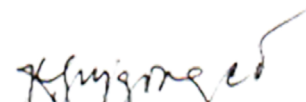

which simple outreach activities took place in different parts of the country where the LFUG GoC is present on top of assisting the foundation in our regular programs for the whole year. We also welcomed new foreign volunteers from Germany to help with the arts and sports program as well as activities on environment in our adopted elementary schools. We also feel privileged that we were given 2 volunteers from the Commission on Higher Education to help us with our model school project documentations.

We can say that 2016 flew by swiftly and now we welcome the challenges that 2017 will bring. The challenges will push us to strive harder to deliver quality services in our programs and hope to achieve positive impact in our adopted communities. Now is the time to work in collaboration with other stakeholders who share the same values, and execute best practices through years of experience especially for the children in the community. We believe that it is only through partnerships, shared resources and common goals that

we will be able to learn new ideas in bringing positive changes in the lives of our beneficiaries.

I thank all our partners and volunteers, but more importantly, I thank all the board of trustees for their wisdom and guidance. To the 8 women army of Uygongco Foundation Inc., without you, the foundation will not be able to achieve the numerous accomplishments this past year. All of you have been the force why we continue to spread genuine goodness in our adopted communities. To quote Helen Keller, "Alone we can do so little; Together we can do so much."

Uygongco Foundation Inc. continues to work this coming 2017 to achieve "A better life for our community, A brighter future for our nation."

Core Values

Corporate social responsibility as the main core value that will guide the thrusts of Uygongco Foundation Inc.

Genuine concern to help the poor and disadvantaged but deserving youth especially the women in the host communities.

Excellence in service that cuts across all programs and projects of UFI.

Synergy with various stakeholders and potential co-operators for building sustainable and productive host communities.

Vision

To develop host communities of La Filipina Uy Gongco Corp. Group of Companies that are empowered, productive and self-sustaining through education.

Mission

To serve as catalyst, provide opportunities, instill values for learning, and build good citizenship in the host communities of La Filipina Uy Gongco Corp. Group of Companies.

Goals

FINANCIAL ASSISTANCE

Throughout the school year, UFI provides the school needs of their 649 elementary and high school beneficiaries in the form of goods worth P2,500.

This assistance benefits the child to be equipped with the necessary materials to finish their schooling and at the same time lessen the financial burden of their families.

Financial Assistance provided:

The above goods are given at different stages throughout the school year to ensure that they are given when they are needed most.

“ Everything that is given by Uygongco Foundation is such a very big help for our family. Bags, school supplies, shoes, uniform, groceries and especially the rice. These things should be a burden for us but thanks to God, our child was accepted as a beneficiary of Uygongco Foundation. ”

Michele Mercado
Parent of UFI Beneficiary
at Jalandoni Memorial National High School

“ When I need school supplies, I no longer have to buy because Uygongco Foundation is there helping me. My parents don't have to spend for groceries, rice and school supplies because the Foundation is giving it all to me. ”

Ronald King Salazar
UFI Beneficiary at Jalandoni Memorial
National High School

THE BIG KIDS OF 2016!

1 What's your favourite subject?

Shieloe

1. Mathematics because I love to solve equations.
2. I want to see a new school and have new friends.
3. Priest

John Lloyd

1. Mathematics because I love numbers.
2. Not the same test questions, because in high school it's much harder.
3. I want to be a Policeman to help innocent people.

2 What are you looking forward to in high school?

Kurt

1. Math because I like learning about shapes.
2. I want to have more friends.
3. Pilot

Richie

1. Math, especially problem solving because your mind expands.
2. I'm looking forward to the challenges of high school.
3. Singer

3 What do you want to be as an adult?

Mitzy

1. Math because I love solving problems.
2. I want to learn more.
3. Teacher because I want to teach the children how to write and read

Christine Mae

1. English because it's an interesting subject for me.
2. I want to learn more in high school.
3. Teacher, because I want to help children to read and write.

Elder John

1. Math
2. Learn more for the next level of my life and be friendly.
3. Marine or Doctor

Raissa Marie

1. English
2. I want to have new friends, classmates and teachers
3. Attorney

SKILLS TRAINING

The students of the adopted schools are not the only beneficiaries of the Foundation. Up-skilling the parents and teachers of the schools is also a key priority of UFI.

By providing training for the parents and teachers in

areas such as baking, sewing and bookkeeping, the Foundation is empowering the schools and setting up a future where stable and sustainable income generation is a realistic and achievable goal.

UYGONGCO FOUNDATION INC.

Skills Trainings Conducted in 2016

Introduction on Bread and Cake Science Course

May 16 - 27

Venue: Philippine Foremost Milling Corp.
20 participants from HES, JMNHS and JCS

Sewing Training

May 11 - 19

Venue: Hibao-an Elementary School
7 participants from HES

Refresher Session on Bakery Mathematics

Oct 22

Venue: Villa Sagrado
12 participants from HES, JMNHS and JCS

Entrepreneurial Training - Simple Bookkeeping

Oct 28 & 29

Venue: Villa Sagrado
16 participants from HES, JCS, FSPNHS and JMNHS

Strengthening and Sustaining Income Generating Projects: Teamwork and Strong Marketing Approach

Nov 19

Venue: Hibao-an Elementary School
22 participants from HES

Access to Education

ALTERNATIVE LEARNING SYSTEM

UFI is supporting five of their adopted schools who offer Alternative Learning System (ALS). The program is a non-formal, practical option of education for those who may have dropped out or not suited to the formal system of education. The Foundation provides these schools with resources for teaching such as ALS curriculum modules, school supplies, LCD projector and screen and t-shirt uniforms.

Programs

Motivation to Stay in School

FEEDING PROGRAM

The Foundation encourages the elementary students to stay in school by providing lunch each day for the whole school year. The meals are prepared by the parents of the beneficiaries which further motivates the students to stay in school.

The feeding program is closely monitored by the staff by taking the height and weight of beneficiaries every quarter. The aim is to also reduce the number of wasted children, making them healthy and attentive students.

“ A free meal each day is a great help to the parents especially those parents who cannot afford to have three meals in a day. ”

Mary Ann Basa
UFI Coordinator at Rizal Elem. School

UYGONGCO FOUNDATION INC.

Activites

Eat, Learn & Play April 11 - May 6

The summer break poses a challenge for the Foundation as without intervention, the beneficiaries would likely fall back to their malnourished states. This is why for 20 days during April and May, the Foundation runs Eat, Learn & Play. An activity that allows the children to continue eating regular meals and partake in extra learning modules run by the Foundation.

Linis Bata June 3

UFI recognizes the importance of proper hygiene and health practices and it's contribution to a productive and happy student life. The Linis Bata for all adopted elementary schools, includes Alis Bulate (deworming), Linis Kuko (nail clipping), Alis Kuto (head lice removal), Linis Tenga (ear cleaning), and dental checkup & extraction.

“ The feeding program has delicious food and provides sustenance. ”
KC Bongco, UFI Beneficiary at Jordan Central School

“ The feeding program helps us students, making our bodies healthy with nutritious food. It helps also because my parents don't need to buy me lunch. My mom said that our life is easier because I'm a UFI beneficiary. ”
Jeourgina Legaspi, UFI Beneficiary at Rizal Elem. School

Programs

Motivation to Stay in School

FORMATION SESSION

UFI strives to give every opportunity to allow their beneficiaries to become better students, leaders and role models in their communities. The high school beneficiaries and tertiary scholars partake in Formation Sessions focusing on areas such as personal development and values formation, team building and leadership.

The high school sessions are organized and facilitated by social work students from Colegio del Sagrado Corazon de Jesus and Central Philippine University; as part of their on the job training requirement. Tertiary formation sessions are facilitated by Ten Outstanding Students of the Philippines (TOSP).

Formation Sessions Conducted in 2016

Tertiary

June 4 - Marceily Point, Jordan, Guimaras

Topic: Personal, Family & Social Values

Nov 5 - Chito's Hotel, Iloilo City

Topic: Team Building & Group Dynamics

High School - **Topic: Individualism & Self Acceptance**

Aug 19 - Buntatala National High School

Aug 26 - Jalandoni Memorial National High School

Sep 7 - Fort San Pedro National High School

Sep 9 - Cabugcbug National High School

Sep 15 & 16 - Jordan National High School

SALAMAT UYGONGCO

By John Rey C. Cantomayor, Grade 2 UFI Beneficiary, HES

Salamat sa inyo mahal naming Uygongco
Thank you our beloved Uygongco

Alay nyo sa amin mga
masustansiyang pagkain
You offer us nutritious food

Lahat ng aming pangangailangan ay
ibinigay nyo rin
Everything we need you've also given us

At ang aming paaralan ay
inyong sinusupportahan
And our school that you are supporting

Mga magulang namin ay binigyan
ng kabuhatan
Our parents you give livelihood

Aसान niyong sarili namin at pagaaral
ay hindi pababayaang
Expect that we will take care of ourselves and our studies

Talino at mabuting asal ay
hindi makakalimutan
Knowledge and good values will not be forgotten

Una sa lahat maraming salamat
First of all, thank you very much

Yaman man sa amin ay salat
Wealth we lack

Gumawa kayo ng paraan na kami ay bigyan
at tulungan
You made a way to give and help us

Oh my God! Walang kapantay ang
inyong kabutihan
Oh my God! There's no match for your kindness

Na kaming mga iskolar nyo ay inaalagaan
That we your scholars are nurtured

Gagawin namin ang lahat, pagod nyo'y
hindi masasayang
We will do everything, your hard work will not be wasted

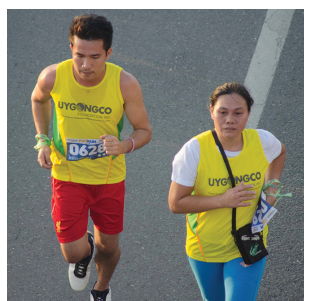

Children o mga kabataan nitong Hibao-an
Children of Hibao-an

Overwhelming sa biyaya at
umaapaw sa tuwa
Overwhelming with blessings and so much joy

Thank you posters from Hibao-an Elementary School beneficiaries

Fundraising FUN RUN 2016 Feb 7 Chevrolet Iloilo, Aquino Ave.

An astounding 2,300 crowd strode in support of the 2016 Uygongco Foundation Inc. Fun Run which was proudly supported by Chevrolet Iloilo as presenting partner.

Kids, parents, teenagers, athletes, teachers, policemen, senior folks and even a dog ran the five kilometer distance to help the foundation raise funds to build a library for its adopted school - Don Pedro Vasquez Memorial School.

The run, now on its sixth year, is one of the anticipated runs organized in Iloilo City as it not only showcases a fun programme filled with exciting treats but it also grounds on the premise of improving the quality of education among public schools.

Finishers were rewarded with exciting freebies such as caps, ballpens, shirts including free snacks like pandesal from Philippine Foremost Milling Corporation (PFMC), Mama Tina miswa, Rico rice corn rice and La Filipina corned pork, amongst others.

A new library for Don Pedro Vasquez Memorial School!

A total amount of P438,850 was raised from the record 2016 Fun Run. And the lucky recipient of a new school library was Don Pedro Vasquez Memorial School. One of three of UFI's adopted schools in Jordan, Guimaras.

Designed by Metrobank Awardee, Architect Oscar J. Peñasales, the library/ learning resource center is a much needed addition to the school. The students will now benefit from a dedicated space for reading and quiet study.

Aside from the library itself, the Foundation also donated books and learning materials for the children to use, enjoy and learn.

Fundraising RUMMAGE SALE October 28 & 29 - Amigo Mall

Throughout the year, UFI received goods from many generous donors, both private and commercial. These pre-loved and in some cases brand new items were then sold by UFI at the Rummage Sale held at Amigo Mall at the end of October. The funds raised from this event would then go to improving school facilities in the adopted schools.

The two-day sale was well attended by local shoppers, Amigo Mall staff, LFUGC staff and of course our valued stakeholders from our adopted schools. Some of the mothers from Hibao-an Elementary School volunteered as sales ladies for the event. This initiative allows the mothers to practice marketing their goods, deal with customer service and do stock inventory. These are the skills and practices that will help them manage and sustain their income generating projects back in the school.

CARGILL WORK CAMP

July 9 - Hibao-an Elementary School

During the middle of the year, UFI was lucky enough to again receive help from Cargill Team Asia. The volunteers held a work camp at Hibao-an

Elementary School, where they helped plant vegetables, paint classrooms, join in baking and also giving of school supplies.

The company also donated funds which were used to construct a new feeding room and vegetable plots at the school. Truck loads of filling materials were delivered to

the school in order to elevate the vegetable plots and alleviate the flooding prone to the school.

CATHERINE & NADIA JOIN THE UFI TEAM

**Tertiary Scholars realise
their dreams!**

When did you start as a scholar of UFI?

Catherine: I started as a scholar of UFI since 2012 for my college.

Nadia: I've been a scholar of UFI since I entered in college in 2011. The foundation supported my studies until I finished my 2 courses in 2 schools for almost 5 years.

Did you always dream of having the career that you have now? As a kid, what did you want to be as an adult?

C: I did not. I used to dream of becoming a police officer just like my father.

N: I never dreamt of what I have right now because when I was a kid I want to become a teacher. But because of UFI, they inspired and motivated me to try something that I thought I couldn't and at present I really love and enjoy the career that I chose.

Aside from Financial Assistance, how did the foundation help you get to this point?

C: The foundation helped me to improve my strengths and overcome my weaknesses through

various formation sessions.

N: The foundation treats me not only as a scholar but also as family. The staff are always attentive to my concerns with regards to my studies, problems, etc. They are also there to share all my ups and downs in life. They have molded me to become a better person and given me the strength to reach all my hopes and dreams in life.

Do you think you would be where you are now without the support of UFI? What would you be doing otherwise?

C: I would not be. I could have been studying in college for a different profession.

N: I think without the help of UFI, I would not have earned my degree in college and probably had gotten married at an early age instead. Maybe, I wouldn't have had a chance to discover new things such as how to use technology and their usage and other related things that could be learnt when you try to go out of your comfort zone.

Bachelor of Science
in Accountancy
*Western Institute of
Technology*

What do you enjoy most about working for UFI?

C: I enjoy working with children as my clients.

N: Working at UFI is a great opportunity on my part because I really enjoyed working with the people around me. I have experienced something that I never experienced before.

Now that you have full time work, do you support your brothers and or sisters to achieve the same thing? How do you support them?

C: Yes, by supporting them emotionally through the hardships in life and a little of the financial aspect if I can.

N: As a beginner, it's kind of hard for me to budget my finances. I have to adjust and learn how to budget my money. I think my salary is just enough for my allowances and other expenses but I'm trying my best to give back to my parents that would somehow help them.

What advice can you give to the current UFI scholars?

C: Value what is given. You might not see its worth at the present but later on in life, you'll realize that you are fortunate to be a part of UFI.

N: To all the scholars, I know that sometimes it could be hard but always remember that no matter what happens, "NEVER GIVE UP!". Keep on fighting to attain your dreams in life. DREAM BIG, AIM HIGH AND HIT THE MARK!

Where do you see yourself in 10 years time?

C: I see myself as a registered Social Worker, helping people, and changing lives in line with my career in my own little ways.

N: In 10 years time, I foresee myself still working in the Foundation and have fully adjusted with my work, repaid all debts to my parents for sending me to school, renovated our house and generally helping out my parents financially. I have bought all the gadgets I wanted to have before and have my own business.

Corporate Volunteers

LFUG GoC EMPLOYEES HELP OUT!

Company employees from Philippine Foremost Milling Corporation and La Filipina Uy Gongco Corporation take time out from the work to help during giving activities and events of UFI.

Commission of Higher Education
Sectoral Engagement Program

COLLEGE PROFESSORS VOLUNTEER AT UFI

By Grace Edmar E. Del Prado

This year, the Philippine government, through the Commission of Higher Education (CHED) has made a huge scholarship investment for faculty who might be affected by the K-12 Transition Program. One of these is the Sectoral Engagement Program where faculty will no longer report to school for 10 months but will serve in any chosen industry.

Dr. Lourdes R. Diasnes and I came to UFI to basically witness how actual work is done from the ground and how this can be aligned against the theories taught in classrooms. This is very relevant because we can input more case study lessons, learn from the industry and incorporate these experiences to enhance microeconomic principles in class.

Our specific UFI engagement is with the model school. We participate in the discourses about how to improve operations and functioning of the model school through the implementation of the UFI programs. Monitoring the progress of the programs and activities, we also perform assessments, evaluation and impact measurements. The objective is to gauge the least and quantify the most how effective UFI interventions are to learning, academic performance and overall wellbeing.

‘Wonderful’ is the perfect word appropriate to describe our experience with UFI. We plan, think, discuss, act and work solely for others - the beneficiaries. Everyday office dialogues and deliberations cater only to what the beneficiaries need; what and how else UFI could possibly extend more its help and trainings in order to optimize development at the individual and household level.

Weltwärts German
Volunteer Program

FROM GERMANY TO ILOILO WITH LOVE!

By Franziska Niehus
23 years old

Maayong aga! We are Luise, Celine, Hannah and Franziska from Germany. The “Weltwärts”-program made it possible for us to come to the Philippines and to volunteer here for a whole year. The program is a development volunteer service for young people from Germany and focuses on making a concrete contribution to a development project, learning from each other and facilitating

intercultural exchange. At the end of July 2016 we arrived in Davao City volunteering at different partner organizations on children rights and education. We were supposed to stay there for the whole year, but due to safety reasons all volunteers were forced to stop their volunteer work. We had to leave Mindanao and were sent to Iloilo City in December 2016 searching for new projects.

Luckily the Uygongco Foundation Inc. was consentient to help and

“The program...focuses on making a concrete contribution to a development project”

to become a partner organization of the program to make the continuation of our volunteer work possible.

Life in a completely different culture and meeting people from around the world have greatly changed our views and helped us gain new experiences and acquire knowledge of the language and personal competencies. We are really happy to volunteer now for the Uygongco Foundation Inc. and to have the opportunity to contribute to a fairer world through our assignment outside our own country.

INDEPENDENT AUDITOR'S REPORT

TO THE BOARD OF TRUSTEES
Uygongco Foundation, Inc.
Tiu Gan Building, Arroyo Street
Brgy. Yulo/Arroyo
Iloilo City

Report on the Audit of the Financial Statements

Opinion

I have audited the accompanying financial statements of **Uygongco Foundation, Inc.** which comprise the Statements of Financial Condition as at December 31, 2016 and 2015 and Statements of Activities and Fund Balances, Statements of Changes in Fund Balances and Statements of Cash Flows for the years then ended and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the accompanying financial statements present fairly, in all material respects, the financial position of **Uygongco Foundation, Inc.** as at December 31, 2016 and 2015, and of its financial performance for the years then ended in accordance with Generally Accepted Accounting Standards in the Philippines. (GAAP)

Basis for Opinion

I conducted my audits in accordance with Philippine Standards on Auditing (PSA's). My responsibilities under those standards are further described in the Auditors Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Association in accordance with Code of Ethics for Professional Accountants in the Philippines, and I have fulfilled my other ethical responsibilities in accordance with these requirements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Generally Accepted Accounting Principles in the Philippines, and or such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is responsible for assessing the Association ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Association or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Association financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSA's will always detect a material misstatement when it exists.

Misstatement can arise from fraud or error and are consider material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with PSA's, we exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to error or fraud, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, of the override of intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the of the Association internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Association ability to continue as a going concern. If I conclude that a material in certainty exists, I am required to draw attention in auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Association to cease to continue as a going concern.

I communicate with those charged with governance regarding, among others, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

Report on the Supplementary Information Required Under Revenue Regulations 15-2010 of the Bureau of Internal Revenue

My audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information on taxes, duties and licenses fees in the last page of the Notes to the financial statements is presented for purposes of filing with the Bureau of Internal Revenue and is not a required part of the basic financial statements. Such information is the responsibility of the management. The information has been subjected to the auditing procedure applied in my audit of the basic financial statements. In my opinion, the information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.
