ADOPTED SCHOOLS

Uygongco Foundation Inc., adopts a school under DepEd's Adopt-A-School Program, a program which allows the private sector to help address the needs of public schools in the Philippines.

CAPIZ

- **Pres. Roxas East Elementary School**

GUIMARAS

- **Don Pedro Vasquez Memorial School**
- **Jordan Central School**
- **Jordan National High School**

ILOILO CITY

- **Andres Bonifacio Integrated School**
- **Bo. Obrero National High School**

GOALS AND PROGRAMS

Access to Education

Reinforcement

As the Foundation's flagship program. Reinforcement answers the call of the growing issues in education. Within and outside of the classroom, different initiatives were implemented to improve the learning level of the learners in terms of reading, numeracy and science. This is to improve the child's learning level in terms of literacy, numeracy, and science through remedial learning.

The teachers of the adopted schools of UFI received teaching materials to be utilized for the class. In the photo are the teachers of the Pres. Roxas East Elementary School, together with the UFI staff.

In partnership with ABC+, they were able to donate 20 tablets to Andres Bonifacio Integrated School. In the photo are the teachers of Don Pedro Vasquez Memorial School and UFI staff during their meeting with ABC+.

Uygongco Foundation Inc. during the giving of the reinforcement kits at Andres Bonifacio Integrated School. A total of 582 kits were distributed to the adopted schools.

39 teachers of the adopted schools were given a flash drive for them to store their files.

Access to Education

Educational Assistance

Each child will receive a P3,000 allowance for school supplies, school uniforms, shoes, socks, etc. for one school year. until the child (with provision) completes senior high school. In all, 515 recipients from the 2024–2025 school year received grocery packs, school supplies, and uniforms. Grade levels 1-4 and grades 8–12 from ten schools are covered.

Under the Educational Assistance program, beneficiaries received essential school materials consisting of notebooks, Pad papers, pencils, pens and other basic supplies they need for school. The program reduces the financial burden on families with their child's school needs.

UFI beneficiaries under the Educational Assistance Program receive complete sets of school uniforms to support their return to school and promote equal learning opportunities.

Educational Assistance Grocery Packs as part of addressing the basic needs of learners, beneficiaries under the Educational Assistance Program. This initiative helps reduce the financial burden on families and supports the overall well-being of students.

Strengthening School Partnerships UFI Coordinators, together with the School Principals, Superintendents, and our Executive Director, signed the Memorandum of Agreement (MOA) to officially renew and strengthen the organization's partnership with their adopted schools and the DepEd Division Offices. These agreements aim to ensure continuous support and collaboration in delivering quality education to the UFI beneficiaries.

Access to Education

Scholarship Program for College

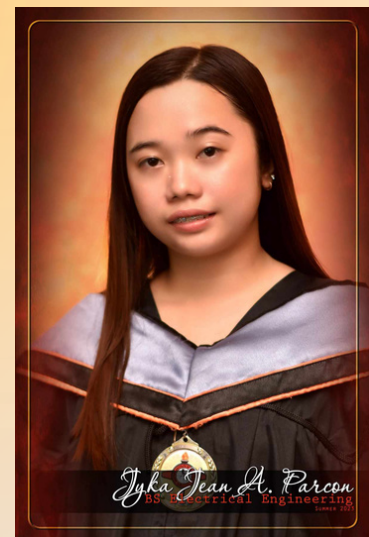

Scholarship grants are provided to high school graduates and wish to enroll in accountancy or engineering courses. The scholarship covers their tuition and other school fees. After which, they will be placed at any of the La Filipina Uy Gongco Group of Companies for employment.

The environmental activity is conducted four times a year, where the scholars and UFI staff work together to beautify the UFI office grounds.

Values formation for college scholars are held three times a year in April, August, and December. Attendance is mandatory for all scholars, as the sessions aim to provide training and preparation for future employment. Each session covers different topics, focusing on Career, Team Building and Family.

UFI has graduating scholars from different schools and academic programs, yearly. This year, four of our scholars graduated from three different Collegiate Degrees, namely in Accountancy and in Electrical Engineering.

Access to Education

SKILLS TRAINING

UFI supports the School Bakeries of the model schools by providing equipment, materials and trainings needed to improve IGP.

Selected parents and teachers from the adopted schools participated in a baking training program aimed at supporting and sustaining school improvement efforts. The training provided them with practical baking skills such as making bread, pastries, and other baked goods. These skills can be used for school-based income generating projects, such as bake sales and to augment canteen operations, to help fund school needs and improvement.

Motivation To Stay in School

Feeding

This program provides food assistance to beneficiaries to motivate them to continue/finish schooling and be healthy. It has 246 beneficiaries in 3 clusters (Iloilo City, Guimaras and Capiz) in 2024. This program has 2 special activities, which are; Eat, Learn & Play, conducted every April/May, and Linis Bata, conducted in Brigada Eskwela.

Formation Session

Provide necessary inputs on values, education, and life skills to encourage high school beneficiaries and college scholars to continue/finish schooling and learn/adopt essential values for life. For parents to learn and adopt essential values and life skills and to reinforce existing values to guide and lead their children.

Values formation for college scholars having 18 participants in each sessions, with the topics of “Success and Challenges: How to Cope and Manage in the Workplace Setting”, “Self-Awareness and Mental Health: Understanding Yourself to Improve Your Well-Being”, and “From Heart to Home: Understanding Family and Love”.

Improve Quality of Educational Facilities & Teaching

Turnover of Instructional Materials & Facility Improvement

This program provides teachers and the schools with materials and equipment to enhance and support teaching and learning.

Teacher's Training

The teacher's trainings aims for the teachers to enhance, develop, and innovate teaching strategies to provide quality education to the learners.

VOLUNTEERISM

Weltwarts Volunteers

by Jarmo Halbauer and Merle Grolz

Maayong aga sa tanan,

Hey everyone. We are Jarmo and Merle, volunteers from Germany. Together with a group of other volunteers we arrived in Iloilo last September 2024. We got the amazing opportunity thanks to our German organization MARIPHIL and a funded government program called "Weltwarts".

Since then we worked with students of grade 3 and 4 in A. Bonifacio Integrated School, in Iloilo. We focused on assisting the teachers in class during lessons and tutored students who struggles with learning. Most of the time we taught them the alphabet in a playful way but also assisted them in solving math problems.

Together with some of the parents we worked in the school bakery to give the children different and affordable food options. Therefore we baked cookies, bread loaf, brownies and cupcakes. During the Christmas celebrations we had one of our different projects. The week before Christmas we decorated Christmas Cookies together with some of the children in Grade 3 and handed them over to all the classes in the elementary school. Baking everyday with the parents and teaching the children has become a passion of ours. ***We loved to see the children enjoy the food we made and see their learning progress in our tutoring lessons. We became teachers, role models and friends overtime.***

In general, we are really happy to receive this amazing opportunity to live and work in the Philippines. We enjoy adapting to the Filipino culture and experiencing a different way of life everyday. We are also very thankful to the UFI Staff and the teachers of our school, who helped us making our stay in Iloilo an unforgettable memory. Salamat gid.

VOLUNTEERISM

Weltwärts Volunteers

by Simon Joost and Valentine Hentschel

Hi, we are Valentine and Simon. We are from Germany and after graduating from High School last year we took the amazing opportunity to participate in the “Weltwärts” program. Thanks to UFI and our German organization “MARIPHIL”, we were able to support the teaching staff of Don Pedro Vasquez Memorial School for one year.

Our main task was supporting struggling learners from grade 1 and 3 through extra tutoring in reading. In addition to that we also developed our own projects. *A personal highlight to us was our*

“Baking German Christmas Cookies” – Activity in December together with the children. Moreover we helped out in the school’s bakery took part in the Culminating Reading Activity and took over classes when teachers were absent.

We really enjoyed spending time with the children, especially during the tutoring lessons. ***Seeing their improvement made us proud and we hope to have had a lasting impact on them.*** But also we learned a lot during that time. ***We became more patient and learned to accept that every child improves at their own pace. We adjusted to their specific needs individually and figured out creative ways to also keep those motivated who have difficulties concentrating for a longer period of time.*** Furthermore we really enjoyed getting to know many special events and traditions during the school year, like teachers day, United Nations Day and Sports Fest. We are especially thankful for the wonderful teaching staff who gave us a warm welcome and included us in many of their activities.

TESTIMONIALS

“

"Ang values formation na gina conduct sang Uygongco foundation, nakabulig gid sa akon kay gina tudluan kami kung paano naming ihandle ang amon mga kabataan sa ila nga mga pamatasan. ***Kag paagi sa values formation, natun-an namon nga dapat tudluan ta ang aton ngamga kabataan nga magkahadlok sa Diyos kag mag simba kon adlaw sang Domingo.*** Hatagan man sang oras ang kabataan para makabonding kita nga mag pamilya. Pa eskwelahon sila paramakatuon sila sa eskwelahan sang iban nga mga butang. Natudluan sila kon paano makibagaysa mga tao sa ila palibot, classmate kag mga maestro. kag gin tudlo man sa values formation nga dapat gid naton hibal-on ang ila mga ups and downs, para mangin bukas man sila sa atonkag kabigon kita nila nga daw ila abyan."

JENNIFER P. LA FUERZA

Parent of Beneficiary

“

Bilang isa ka bata nga beneficiary sang UFI, madamo gid nabulig sa akon ang feeding program. Wala na ako gabalon panyaga, libre na ang akon panyaga sa bulig sang UFI. Nag improve gid ang akon nutritional status, It provides nutritious meals sa amon kay kung busog kami, may energy kami to learn sa school.

Ga motivate sa akon to stay in school kag mag pursige sa akon pagtuon, kag improve sang akon nutritional well-being. Because, when a child is well-fed, we are ready to dream, learn, and grow. Thank you so much UFI for providing us meals.

GIANNA PAULINE CANTARA

UFI Beneficiary

Don Pedro Vasquez Memorial School

”

“

"Uygongco Foundation Incorporated Feeding program in our school is indeed a great help not only for the recipients and their respective families but also to us as teachers and as a school as well. It is truly transformative for the reasons that it improved Health and Nutrition because regular meals help address malnutrition and support physical development, particularly in children who might otherwise skip meals due to financial hardship, Better Academic Performance because well-nourished brain is more alert and focused. Feeding programs have been linked to higher attendance rates, improved concentration, and better test scores, Encourages to Attend School regularly because for many families, a guaranteed meal is a strong incentive to send children to school regularly especially with the set of families we have in ABIS, their Social and Emotional Benefits also increased because sharing meals fosters a sense of community and belongingness , which is especially meaningful for children who may feel marginalized or isolated/neglected and of course lifelong impact to early nutrition affects long-term health, their cognitive abilities, and even future economic productivity is more likely stabilize and I personally really admires the advocacy of UFI in spreading their kindness to our learners at school who really deserve! Kudos UFI for everything!! God bless you more abundantly."

RAMINA GUEVARA

Andres Bonifacio Integrated School

”

TESTIMONIALS

“

Andres Bonifacio Integrated School is always grateful to UFI for their unwavering support for both our learners and teachers. The assistance they provide, especially through Teacher’s Training, has been invaluable in helping our educators enhance the quality of learning experiences we offer our students.

Our teachers feel more motivated and empowered to apply what they have learned in their classrooms, ultimately benefiting every child they teach. We are always looking forward to more collaborative projects and meaningful partnerships with UFI, as we share the same goals and aspirations for the future of Filipino children.

SIR JAYLORD LOSABIA
Teacher, ABIS

”

“

Halin sa akon tagipusuon, ang pagpasalamat sa bulig sang UFI sa feeding program sa akon bata. Umpisa sang grade 1 asta mag grade 6, ang akon bata beneficiary n aka feeding. Bilang is aka iloy, pareho naman nga pigado, dako gid ini nga bulig tungod makaless ko sa gasto sa pagpabalon panyaga sa akon bata. Wala na ako gapabalon sang panyaga sa akon bata kay may ara na sila sang feeding program sang UFI. Kag kanami gid kay mga nutritious meal ang gina prepare nila sa feeding. Kon diri sa balay mapili pa siya kis-a sang iya nga sud-anon, pero kay may feeding program ang UFI, no choice na siya kundi kan-on kung ano ang gina prepare nga menu sa amo nga adlaw. Ginatinguhaan ya gid nga ubuson ang ginahatag nga pagkaon.

Sa sini nga programa, ginahatagan gid sang importansya ang nutrition sang amon kabataan. Ang ini nga activity, “Feeding Program”, also foster a sense of unity sa amon nga ginikanan sa pagluto para sa amon nga kabataan, work hand in hand to prepare healthy and nutritious food. Napuno ang tiyan sang amon kabataan, hindi lang tiyan ang nabusog, pati na ang tagipusuon namon. UFI Feeding Program serves more than just a meal, it serves hope, care and love to our children. Madamo gid nga salamat sa padayon nga pag suporta sa bata ko a and God bless UFI!

JENELYN TOLENTINO
Parent of Beneficiary

“

As a proud graduate of Bachelor of Science in Accountancy from Hua Siong College of Iloilo, Batch 2024, I am incredibly honored to have been part of the Uygongco Foundation Inc. (UFI) Scholarship Program. Graduating Magna Cum Laude and being recognized as one of The Outstanding Students of Iloilo Awards (TOSIA) as well as the Most Outstanding Junior Philippine Institute of Accountants (JPIAn) in the entire Region 6, are achievements I attribute not only to hard work but to the unwavering support of UFI. Throughout my journey, I’ve received numerous academic and leadership awards, but what left the most profound impact on me was the principle that I learned from UFI which is to always pay it forward. This principle is more than just a motto — it became my guiding light. It shaped the way I studied, served, and lived during my college years, and it continues to influence the way I carry myself today as a young professional. *The formation sessions we had as scholars were impactful. They didn't just prepare me academically — they helped mold my character, strengthened my values, and instilled a sense of responsibility and compassion. Now that I'm working in a corporate setting, I realize how vital those sessions were in shaping my professional ethics and interpersonal skills.* To UFI, thank you for believing in me. I carry your mission in my heart as I continue to grow — not just for myself, but for others. I am committed to pay it forward, just as you have generously given to me.

KYLENE ARCAYAN
UFI Scholar

”

FUNDRAISING

FUN RUN 2024

The UFI Fun Run gathered many participants from UFI adopted schools, employees, of the La Filipina Uy Gongco Group of Companies as well as representative from government and private offices and sectors. This activity supports UFI programs for adopted schools in Iloilo City, Guimaras, and Capiz.

INDEPENDENT AUDITOR'S REPORT

TO THE BOARD OF TRUSTEES

Uyongco Foundation, Inc.

Brgy. Progreso, Lapuz

Iloilo City

Report on the Audit of the Financial Statements

Opinion

I have audited the accompanying financial statements of **Uyongco Foundation, Inc.** which comprise the Statements of Financial Condition as of December 31, 2024 and 2023 and Statements of Activities and Fund Balances, Statements of Changes in Fund Balances and Statements of Cash Flows for the years then ended and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the accompanying financial statements present fairly, in all material respects, the financial position of **Uyongco Foundation, Inc.** as at December 31, 2024 and 2023, and of its financial performance for the years then ended in accordance with Philippine Financial Reporting Standards for Small Entities (PFRS for SEs)

Basis for Opinion

I conducted my audits in accordance with Philippine Standards on Auditing (PSAs). My responsibilities under those standards are further described in the Auditors Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Foundation in accordance with Code of Ethics for Professional Accountants in the Philippines, and I have fulfilled my other ethical responsibilities in accordance with these requirements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Philippine Financial Reporting Standards for Small Entities (PFRS for SEs) in the Philippines, and or such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is responsible for assessing the Foundation ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Foundation or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Foundation financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSAs will always detect a material misstatement when it exists.

Misstatement can arise from fraud or error and are consider material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with PSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the of the Foundation internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Foundation ability to continue as a going concern. If I conclude that a material in certainty exists, I am required to draw attention in auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Foundation to cease to continue as a going concern.

I communicate with those charged with governance regarding, among others, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

**Report on the Supplementary Information Required Under Revenue Regulations
15-2010 of the Bureau of Internal Revenue**

My audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information on taxes, duties and licenses fees in the last page of the Notes to the financial statements is presented for purposes of filing with the Bureau of Internal Revenue and is not a required part of the basic financial statements. Such information is the responsibility of the management. The information has been subjected to the auditing procedure applied in my audit of the basic financial statements. In my opinion, the information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.
