UYGONGCO
FOUNDATION INC.

ABOUT US

Having been blessed through the years, The La Filipina Uy Gongco Group of Companies

through its founder, Dr. Alfonso Uy, and Incorporations established the Uygongco Foundation Inc. (UFI) to give back to its host communities in Iloilo City, Jordan Guimaras, and President Roxas, Capiz.

VISION

Uygongco Foundation Inc., the corporate social responsibility arm of La Filipina Uy Gongco Group of Companies, will uplift the lives of the communities in their priority areas through its educational interventions.

MISSION

Through education, UFI catalyzes, provides opportunities, instills positive values, and builds good citizenship in communities where La Filipina Uy Gongco Group of Companies are present.

CORE VALUES

01

INTEGRITY

UFI always practices moral uprightness in its decision making and programs.

02

RESILIENCE

Capacity to withstand challenges and recover.

03

COMPASSION

Genuine concern to help the poor, disadvantaged, deserving children, youth, and families.

04

EXCELLENCE

Excellence in service that cuts across all programs and projects of UFI.

05

SYNERGY

Synergy with current and future stakeholders for building sustainable and productive communities.

Message from the **President**

In medicine, we are taught that the measure of care is not only the treatment received but the outcome that follows. Is the patient cured? I carry the same question into my work with the Uygongco Foundation Inc (UFI).

I am reminded of why foundations like ours exist: to genuinely alter the arc of a person's life for the better. Our founder, Mr Alfonso Uy, my grandfather, understood this. He believed that education, extended with sincerity and sustained with commitment, is among the most important investment a family, a company, or a community can make. I truly share in that belief as I accepted this position he offered me a year or so ago.

As I look into my first year with UFI, we have accomplished many things in 2025. From our feeding program to motivate children to stay in school that had served 203 children, almost 1,600 beneficiaries served with educational assistance and learning kits that includes 18 college scholars, five of whom are now employed by the La Filipina Group of Companies to providing teaching and learning materials to our 3 adopted model schools.

Most importantly, we also need to see if there is an impact in the lives of these beneficiaries and their families. We are also investing more deliberately in their formation, helping our young people build the character and inner steadiness to navigate their career and their lives with integrity.

There are still a lot of things we need to do. It is a challenging and a daunting task but it can be done with the support of everyone from our staff to the Board of Trustees.

As a doctor of medicine, I was trained to be good at my specialty for the service of patients. It is a profession of service to those who are sick. I bring that same philosophy as I lead this foundation. To be of service to those in the margins of our society by offering them the education they deserve and need.

With deep gratitude to everyone who have dedicated their service in the past year.

Sincerely,
Anthony T. Uygongco, MD

A Message from the Executive Director

"Change, whether joyful or difficult, is what keeps us from becoming stagnant. It is proof that we are growing."

Dear Friends, Partners, and Supporters,

Every year arrives as an invitation — to reflect, to reckon, and to recommit. As I look back on 2025, what fills my heart most is not just what we accomplished — but who we accomplished it for. Behind every number in this report is a child who stayed in school, a parent who found renewed hope, and a young person who now believes their future is worth fighting for.

As a steadfast advocate of education, UFI continued to walk alongside the communities we serve. This year, we reached over 2,600 children across our programs designed not merely to provide assistance, but to ignite possibilities in Iloilo City, Jordan in Guimaras, and Pres. Roxas in Capiz. We fed 203 children for 11 months, equipped 446 elementary and high school learners with educational support, provided 1,132 students with learning kits, 250 students benefited from our after-class RMS Time, and walked with 18 college scholars closer to their dreams. Five of those scholars are now employed by La Filipina Uy Gongco Group of Companies — and that, to me, is what full-circle impact looks like.

We also equipped 10 classrooms with teaching and learning materials and provided schools with 11 computer sets, 19 printers, and 19 Smart TVs to upgrade the quality of instruction. Our Values Formation sessions reached 504 individuals — parents, high school beneficiaries, and college scholars — because we know that education is not confined to classrooms. It is built in homes, shaped by relationships, and carried forward through the values we live by each day.

The year was not without its trials. The launch of DepEd's ARAL Program overlapped with our own remediation work — the RMS Time, and after careful deliberation, our Board chose to yield — not out of defeat, but out of wisdom. If a government-funded program can carry the work further than we could alone, then by stepping aside is in itself an act of service. It was a difficult but mature decision by our Board, and one that reflects our commitment to doing what is truly best for the learners, not simply what is most comfortable for us as an organization.

We also navigated a leadership transition within our team, and I am deeply proud of the Program Assistant who rose with courage to take on greater responsibility and step up. That kind of quiet resolution defines who we are as a team of seven.

We close 2025 with four recognitions from valued partners — the Department of Education at the Division and Regional levels, and Central Philippine University — affirmations that the trust we have built since 2010 as an Adopt-A-School partner continues to hold strong.

As we step into 2026, we do so with full hearts and open hands. We will continue to honor every commitment, fulfill every program, and prepare the path for what comes next. Change, as we have always believed, is not something to fear. It is something to meet with faith.

To our board of trustees, partners, donors, volunteers, teachers, and the families who trusted us with their children — thank you. You are the reason this work endures.

With gratitude and hope,

Mary Jean Bernaldez-Solidio

GOALS AND PROGRAMS

ACCESS TO EDUCATION

REINFORCEMENT

As the foundation's flagship program, Reinforcement answers the call of the growing issues in education. Within and outside of the classroom, different initiatives were implemented to improve the learning level of the learners in terms of reading, numeracy and science. This is to improve the child's learning level in terms of literacy, numeracy, and science through remedial learning.

The teachers of the adopted schools of UFI received teaching materials to be utilized for the class. In the photo are the Grade V teachers of the Pres. Roxas Eat Elemntary School, together with the UFI staff.

Uygongco Foundation Inc. during the giving of the reinforcement kits at Don Pedro Vasquez Memorial School. A total of 1, 131 kits distributed to the adopted schools.

Uygongco Foundation Inc. conducted a 30-minute face-to-face and interactive Reading, Math, and Science (RMS) session in its two adopted schools A. Bonifacio Integrated School and Don Pedro Vasquez Memorial School to enhance the learning readiness and academic performance of non-grade-ready children,

ACCESS TO EDUCATION

EDUCATIONAL ASSISTANCE

Each child has an allocated budget of P3,000.00 for the entire school year. The assistance will be distributed in the form of school supplies, school uniforms, grocery packs, and rice. Total of 445 beneficiaries from the elementary and high school for School Year 2025-2026 of Iloilo City, Jordan Guimaras and Capiz. The assistance is provided to beneficiaries for their basic necessities to finish their education and the same time lessen the burden of their families.

Strengthening School Partnerships UFI Coordinators, together with the School Principals, Division Superintendents, District Supervisors and our Executive Director, signed the Memorandum of Agreement (MOA) to officially renew an strengthen the organization's partnership with their adopted schools and DepEd Division Offices. These agreements aim to ensure continuous support and collaboration in delivering quality education to the UFI beneficiaries.

Under the Educational Assistance program, beneficiaries received essential school materials consisting of notebooks, Pad papers, pencils, pens and other basic supplies they need for school. The program reduces the financial burden on families with their child's school needs.

UFI beneficiaries under the Educational Assistance Program receive school uniforms and grocery packs to help them return to school and have equal learning opportunities. This program lessens the financial burden on families and supports the students' overall well-being.

ACCESS TO EDUCATION

SCHOLARSHIP PROGRAM FOR COLLEGE

Scholarship grants to high school graduates and qualified individuals who wish to enroll in Accountancy or Engineering courses specifically Chemical, Mechanical, Electrical, and Packaging Engineering. The scholarship covers full tuition and other school fees. After graduation/or taking the licensure examination scholars will be employed at La Filipina Uy Gongco Group of Companies.

The environmental activity is conducted four times a year, where the scholars and UFI staff work together to beautify the UFI office grounds.

Values formation for college scholars are held three times a year in April, August, and December. Attendance is mandatory for all scholars, as the sessions aim to provide training and preparation for future employment. Each session covers different topics, focusing on Career, Team Building and Family.

UFI has graduating scholars from different schools and academic programs, yearly. This year, five of our scholars graduated from two different Collegiate Degrees, namely in Accountancy.

ACCESS TO EDUCATION

SKILLS TRAINING

UFI supports the School Bakeries of the model schools by providing equipment, materials and trainings needed to improve IGPs.

Selected parents and teachers of Pres. Roxas East Elementary School participated in a baking training program aimed at supporting and sustaining school improvement efforts. The training provided them with practical baking skills such as making bread, pastries, and other baked goods. These skills can be used for school-based income generating projects, such as bake sales and to augment canteen operations, to help fund school needs and improvement.

Uygongco Foundation Inc. provided a training workshop on simple bookkeeping to the baking core groups of Andres Bonifacio Integrated School and Don Pedro Vasquez Memorial School to help them manage their financial records, which are an essential part of operating and monitoring the school bakery.

Uygongco Foundation Inc. provided a team building activity entitled: "How to Work as a Team and Not Just I" to Andres Bonifacio Integrated School and Don Pedro Vasquez Memorial School baking core group to strengthen their teamwork, cooperation and communication

MOTIVATION TO STAY IN SCHOOL

FEEDING

This Program is a daily school lunch for beneficiaries to stay motivated. It has 203 beneficiaries in three clusters (Iloilo City, Jordan Guimaras and Capiz) in 2025. This program has two special activities, which are; Eat, Learn & Play, and Linis Bata to prepare the elementary beneficiaries for the new school year.

FORMATION SESSION

UFI provides sessions for high school beneficiaries, parents and college scholars to enhance their knowledge, skills, and values, aiming to strengthen parent child relationships by promoting mutual understanding, respect, and responsibility, as well as developing positive attitudes, reinforcing family relationships, and guiding both parents and children in making responsible decisions and supporting each other's growth.

Values formation for college scholars having 18 participants in each sessions, with the topics of “Mastering Excel Formulas: A Guide for Beginners and Advance Users”, “Working Together Toward a Common Goal: Building Team Unity Through Shared Purpose”, and “Home as a Safe Space: Promoting Mental Wellness through Family and Communication”.

IMPROVE QUALITY OF EDUCATIONAL FACILITIES AND TEACHING

TURNOVER OF INSTRUCTIONAL MATERIALS & FACILITY IMPROVEMENT

Turnover of Instructional Materials
& Facility Improvement

This program, UFI provides to Grade V teachers and the school with materials and equipment to enhance and support teaching and learning for the benefit of learners

Teacher's Training

UFI supports the trainings for the teachers to enhance, develop and innovative teaching strategies to provide quality education to the learners.

FUNDRAISING

FUN RUN 2025

The UFI Fun Run gathered many participants from UFI adopted schools, employees of the La Filipina Uy Gongco Group of Companies as well as representative from government and private offices and sectors. This activity supports UFI programs for adopted schools in Iloilo City, Guimaras, and Capiz.

INDEPENDENT AUDITOR'S REPORT

TO THE BOARD OF TRUSTEES

Uygongco Foundation, Inc.

Brgy. Progreso, Lapuz

Iloilo City

Report on the Audit of the Financial Statements

Opinion

I have audited the accompanying financial statements of Uygongco Foundation, Inc. which comprise the Statements of Financial Condition as of December 31, 2025 and 2024 and Statements of Activities and Fund Balances, Statements of Changes in Fund Balances and Statements of Cash Flows for the years then ended and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Uygongco Foundation, Inc. as at December 31, 2025 and 2024, and of its financial performance for the years then ended in accordance with Philippine Financial Reporting Standards for Small Entities (PFRS for SEs).

Basis for Opinion

I conducted my audits in accordance with Philippine Standards on Auditing (PSAs). My responsibilities under those standards are further described in the Auditors Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Foundation in accordance with Code of Ethics for Professional Accountants in the Philippines, and I have fulfilled my other ethical responsibilities in accordance with these requirements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Philippine Financial Reporting Standards for Small Entities (PFRS for SEs) in the Philippines, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is responsible for assessing the Foundation ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Foundation or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Foundation financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSAs will always detect a material misstatement when it exists.

Misstatement can arise from fraud or error and are consider material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

FINANCIAL STATEMENTS

As part of an audit in accordance with PSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Foundation ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Foundation to cease to continue as a going concern.

I communicate with those charged with governance regarding, among others, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

Report on the Supplementary Information Required Under Revenue Regulations 15-2010 of the Bureau of Internal Revenue

My audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information on taxes, duties and licenses fees in the last page of the Notes to the financial statements is presented for purposes of filing with the Bureau of Internal Revenue and is not a required part of the basic financial statements. Such information is the responsibility of the management. The information has been subjected to the auditing procedure applied in my audit of the basic financial statements. In my opinion, the information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.
